founder's message

Greetings,

As I reflect on 2010, I am reminded of how quickly time passes. I live each day as a celebration of life, love and fulfillment with family, friends and my sisters. The old saying "tomorrow is not promised" rings so true, especially when your life has been challenged by breast cancer as our members have been. Just the thought of another year of breast cancer survivorship (17 years for me) brings a smile to my heart and I thank God for the many blessings in my life.

I am truly honored to continue to lead an organization like Sisters Network® Inc. For over 16 years, Sisters has been at the forefront for African American breast cancer survivors and educating our community nationwide. We were talking to women about early detection long before many organizations were even making a sincere effort to connect with us or educate our community. In 1995, our Sisters were canvassing African American communities talking to ladies to increase breast health awareness. Sisters Network members recognized that we could not wait for someone else to sound the alarm about breast cancer in the African American community while our women were dying at a staggering rate compared to other ethnic groups.

That same fighting spirit of survivorship and the celebration of life, love and fulfillment remains at the core of Sisters Network® Inc.

As an organization, we must continue to challenge ourselves to remain committed and focused to lead our community in the fight against breast

cancer. The National office team is working very hard to increase the organization's presence on the national landscape, create new programs and initiatives and also be responsive and supportive to our affiliate chapters. We recognize each chapter is a critical link to Sisters Network's continued success.

During 2010, our organization celebrated much success by hosting **"Stop the Silence®," 1st National African American Breast Cancer 5K Walk/Run in Houston**. An estimated 4,500 women and men from across the nation registered to participate in the historic walk. Many women were survivors, while some were loved ones of survivors, and others just wanted to show they cared. It was a compelling and electrifying experience to witness thousands of African American women and men walking together to shine the spotlight on the issue of breast cancer in the African American community.

Sisters Network recognizes the church as the core of our community. In 2010 Sisters hosted a **First Ladies Brunch** to provide a forum to educate the faith based community on breast health issues affecting African American women and the pivotal role played by Sisters Network® Inc. in this educational process. Studies show, that in the African American community, women are the care providers.

Like any national non-profit organization, Sisters Network® Inc. could not accomplish our goals and make a difference in educating the African American women without the generous support of our corporate partners, our loyal supporters who participate in the Combined Federal Campaign (CFC) and our individual donors. We value and appreciate your support and commitment to the organization.

Wellness,

Karen E. Jackson
Founder/CEO

about us

Sisters Network[®] Inc. (SNI) is a leading voice and the only national African American breast cancer survivorship organization in the United States supported by survivor-run affiliate chapters nationwide. Sisters Network is governed by an elected Board of Directors and assisted by an appointed Medical Advisory Committee. The organization's purpose is to save lives and provide a broader scope of knowledge that addresses the breast cancer survivorship crisis affecting African American women around the country.

As a nationally recognized organization among leading medical establishments and breast cancer physicians, Sisters Network is also recognized as a critical information and resource link to African American women.

Among the organization's trademark and successful national community based outreach programs are the Gift for Life Block Walk[®] and the Pink Ribbon Awareness Initiative.

These initiatives are implemented through Sisters' affiliate chapters and are generously underwritten through corporate and community partnerships and private contributions. In April 2010, Sisters Network Inc made history by hosting the 1st National African American Breast Cancer 5K Walk /Run in Houston, Texas. The historic event will be an annual walk to Stop the Silence[®], bring about breast cancer awareness and replace FEAR with HOPE as thousands of participants from across the United States walk together to find a cure.

The organizations' national slogan, "STOP THE SILENCE[®]," speaks directly to the African American community and its long-standing history of not discussing cancer and other life-threatening health concerns. The slogan has been used in social media; billboard and bumper sticker campaigns in support of Sisters' national branding strategies.

Sisters Network[®] Inc.'s strong connection, relationship and understanding of the mindset in the African American community continues to allow the organization to effectively impact, educate and heighten breast health awareness and survivorship among African American women nationally and internationally.

Board of Directors

Karen Jackson, CHAIR

is Founder & CEO of Sisters Network Inc (SNI), realizing her true life mission to educate, empower and support the African American woman's breast cancer movement. Under her direction, the organization has implemented nationally recognized outreach initiatives including the only annual national African American breast cancer accredited conference. From advocate to highly sought speaker, Jackson is in demand for her personal insight and has received numerous honors and rewards on the national, regional and local levels. Jackson attended Morgan State University. She is married to Kyle Scott Jackson, has one adult child, Caleen and two granddaughters, Brianna and Alexis.

Bettie Eubanks, VICE CHAIR

is president and managing partner of the Viewpoint Group based in Florida. Eubanks brings an extensive marketing background to Sisters Network having been Director of Marketing for 15 years at IBM. An artist at heart, Eubanks signature image was the commissioned lithograph entitled "Sisters" which truly reflected her artistic message of sisterhood and life. Her collection has been exhibited throughout the northeastern and southern regions of the United States. Eubanks received her BA from Jersey City State University and is a Newark School of Fine Arts Scholar. She and her husband, Richard Eubanks, Sr., have two adult children, Richard Jr. and Catherine.

Felma Watkins, SECRETARY

is a breast cancer survivor and a founding member of Sisters Network Central Virginia Inc. She has developed many alliances within the Richmond community. She has served on the Breast & Cervical Cancer Early Detection Program Review Committee for the Commonwealth of Virginia. Watkins is employed by UPS as the Account Manager, Strategic Account Sales for the South East Region. In her spare time Watkins does print and TV ads for a boutique shop in Richmond. She is married to Haywood Watkins Jr., and has one son, Haywood Watkins, III.

John L. Green, CPA, PH.D., JD, TREASURER

Attorney Green established his accounting and legal practice in Houston in 1974. The firm specializes in areas of law for accounting and income tax. He brings invaluable knowledge of non profit law and required accounting practices to the organization.

Camille Cash, MD

is board certified in both general and plastic surgery. She is the only African American female in the State of Texas with this distinction. A significant portion of Dr. Cash's practice is dedicated to reconstruction of the breast which allows her to routinely heal both the body and spirit. Her board commitment is to increase awareness of breast reconstruction and to help all women access this aspect of breast cancer survivorship. She is a member of Phi Beta Kappa and Alpha Kappa Alpha Sorority, Inc. She received her BS degree from Howard University, magna cum laude, and earned her Doctorate of Medicine from the Baylor College of Medicine. Dr. Cash is married to Rodrick Lowe and they have three children, Lauren Shelby, Kennedy Camille and Christopher Delano Lowe.

Bertie Ford, RN

is a clinical oncology specialist with Genentech BioOncology. She has served on a variety of boards in the past including the ACS, (Franklin County Unit), the National Cancer Policy Board, the Diversity Strategic Planning Committee of NSABP and a few others. She has been most active in the Oncology Nursing Society on a local, regional and national level. She co-chaired the EDICT project team (Edict= Eliminating Disparities in Clinical Trials) for patient navigation. Her most recent appointment was to the program committee for the Education Network to Advance Cancer Clinical Trials ENACCT. She was an editor and author of the Manual for Clinical Trials Nurses, 2nd edition. She's conducted numerous presentations in healthcare disparities. Her recognitions include the Pearl Moore Making a Difference Award, a distinguished award of the National Oncology Nursing Society. Ms. Ford is a graduate of the Ohio State University.

Judy Foston

is president and founder of Foston International, a full service multi-media company founded in 1984. After working for Fortune 500 companies nationally in sales and marketing, Foston has developed a track record spanning over 30 years in the media, community, sales, marketing, public relations, and advertising. She has created and produced a host of shows. She formed an alliance with R.W. Productions, who develops and produces compelling content for the Entertainment and Corporate Industries. Foston was president of Variety-The Children's Charity of Houston for three years and has received many awards and recognition nationally for her work and created and executive produced: Sammy Davis, Jr. Awards TV Show for 10 years in her field and the community.

Cynthia Newbille

is currently serving as an Annie E. Casey Foundation consultant. Newbille has over 20 years of diverse local government and non-profit professional experience. As Chief of Staff, Richmond City Manager's Office, Newbille interfaced with all City offices, agencies, departments, City Council, boards, commissions, citizens and external agencies. She earned a Bachelor and Masters Degree in Psychology from State University of New York, Stony Brook, Long Island, New York, and is currently completing her Ph.D. in Public Policy and Administration (Health Policy Concentration) at Virginia Commonwealth University, Richmond, VA.

National Programs

NATIONAL AFRICAN AMERICAN BREAST CANCER CONFERENCE

In 1999, Sisters broke new ground by hosting the nation's only National African American Breast Cancer Conference which provides a broader scope of knowledge and addresses the breast cancer survivorship crisis affecting the African American woman. This national conference which attracts more than 500 participants, including nationally recognized medical experts, has been held in metropolitan cities such as; Houston, Atlanta, Detroit, Richmond, VA and Chicago.

STOP THE SILENCE® 1ST NATIONAL AFRICAN AMERICAN BREAST CANCER WALK

In April, 2010 Sisters Network Inc. made history again by hosting the 1st National African American Breast Cancer 5K Walk /Run in Houston. The Stop the Silence® 5K Walk/Run attracted over 4,500 participants. Funds raised from Stop the Silence® will benefit Sisters Network® Inc. Breast Cancer Assistance Program (BCAP), which provides support to women facing financial challenges after breast cancer diagnosis. This program offers financial support for mammograms, medical related lodging, co-pay; office visits, prescriptions, and transportation.

PINK RIBBON AWARENESS INITIATIVE

The pink ribbon is the national symbol for breast cancer awareness. The Pink Ribbon Awareness Initiative is Sisters' national faith-based educational outreach program that reaches women in church with information on how to access breast care services and resources. The focus of this outreach is to increase the number of women obtaining mammograms and heighten their general knowledge. Sisters Network® Inc. (SNI) affiliate chapter members and community volunteers disseminate information on breast cancer to African American churches across the United States. SNI members give testimonies as survivor role models to encourage and inspire.

GIFT FOR LIFE BLOCK WALK®

This nationally recognized educational outreach initiative is the Sisters Network® Inc. "Gift for Life Block Walk®". During the months of September or October the affiliate chapters of Sisters Network Inc. collaborate with organizations, community groups, and volunteers to coordinate the promotion of breast health awareness in the African American community. This unique and innovative program allows a breast cancer survivor to partner with a volunteer and canvass door-to-door in the African American community to distribute breast health education brochures and resource information. The community has an opportunity to meet survivors, hear their stories, and experience their triumph over breast cancer. Individuals are invited to the event site to enjoy refreshments, visit breast cancer-related agencies and learn more about the resources and services available in their community. Free Mammography screenings are also offered by a mobile unit at select event sites.

BREAST CANCER ASSISTANCE PROGRAM (BCAP)

BCAP provides support to women facing financial challenges after breast cancer diagnosis. This program offers free mammograms and financial support for medical related lodging, co-pay, office visits, prescriptions, and transportation.

TWEENS IN PINK

This program is designed to educate tweens, girls ages 12-16, about the importance of breast health and equip them to become breast health ambassadors for their family members. Tweens will be reached through collaborations between Sisters Network® Inc. (SNI) and organizations within the community that have existing programs geared towards tween girls. Tweens in Pink consists of a presentation and a take-home component for the tweens. Tweens will be asked to collect data from women, blood relatives, in their families and input their information in a designated location on the SNI website. Incentives will be offered for the tween/group of tweens who reach their target number by the date assigned.

FIRST LADIES BRUNCH

The purpose of the brunch is to provide a forum to educate the faith based community on breast health issues affecting African American women in the Houston community and the pivotal role played by Sisters Network Inc. in this educational process. Research shows that in the African American community women are the care providers. Sisters Network would like continue to sustain itself as a viable resource to churches in the community. The First Ladies Brunch will be implemented across the United States by Sisters Network Affiliate Chapters.

ADVOCACY-501 H

In 2011 Sisters Network will launch its advocacy program. This initiative will afford Sisters Network the opportunity to be more vocal as it relates to legislative policies in the areas of breast cancer clinical trials, treatment and survivorship. Using our existing constituency, coupled with our database of existing local, national and state African American organizations we will increase our outreach efforts and mobilize African American breast cancer survivors from across the United States.

YOUNG SISTERS INITIATIVE (YSI)

African American women are being diagnosed with breast cancer at an early age. In an effort to address the needs of these women, Sisters Network® Inc. will launch the Young Sisters Initiative (YSI). This program is designed to reach women diagnosed with breast cancer under the age of 45.

SISTERS NETWORK® BATON ROUGE AFFILIATE CHAPTER

Sisters Supporting Sisters was founded in September 1996. For the last thirteen years the focus has been on reaching out to the African American Community and educating our sisters on the importance of good breast health and early detection. Each year our efforts get stronger and stronger. We want to always assure that we touch as many women as possible to hear our word regarding taking care of themselves through monthly breast self examinations and annual mammograms.

Our outreach in 2009 was extended to nineteen faith-based, whether through health fairs or speaking to their congregation at Sunday service. During this time we reached approximately 6,500 individuals.

We began focusing more and more on the younger generation in the communities. With the support of our sorority sisters, we were able to visit and speak at their monthly meetings, talk to them about genetic predisposition and the importance of knowing your family history. We are not too long to be at risk for the horrible disease of breast cancer.

Friends and supporters from Second Baptist Church, AKA and Delta Sigma Theta sororities embraced our Gift For Life Block Walk by knocking on doors and walking with us. In order to make an instant impact on the importance of our message to our sisters in the community, partnering with us for screening and mammography were Mary Bird Perkins Cancer Center and Woman's Hospital. This important undertaking was advertised in the local paper weeks before the walk, encouraging ladies to reserve a time to be screened at the mobile units set up specifically in support of this initiative. We visited 300 homes and touched a total of 500 individuals on October 24. Subsequent to the walk, it was reported from Mary Bird Perkins that 40 ladies were screened. Of the 40, 10 had diagnostic mammograms; 3 were diagnosed with breast cancer. Their ages were 32, 49 & 57. So many ladies were up very early, setting up for and setting out to do the work of helping save lives.

The Baton Rouge Affiliate of Sisters Network® Inc., Sisters Supporting Sisters will continue to knock on as many doors as we can, talk to anyone who has an ear and hopefully make a difference in the survivorship of our African American sisters.

It was the dawning of summer and the rising of fall in the year of 2002, when Mrs. Karen E. Jackson, Founder & CEO of Sister Network® Inc., left her imprints on the hearts of African-American women of Northeast Mississippi. As a kick-off for the Annual "Race for the Cure," Mrs. Jackson was invited to share her platform at the Survivors' Luncheon. Her challenge for us to stir up the motivation to start a Sisters Network Chapter for breast cancer survivors did not go unheard, for, the invitation fell on the ears of survivor, Mrs. Edna Ware. Armed with passion and conviction, Mrs. Ware contacted the national office for the proper guidelines in starting a new chapter and teamed with one of her nursing associates, Mrs. Teresa Roberts. As Mrs. Ware's co-organizer, Mrs. Roberts, a Registered Nurse and Certified Breast Care Instructor, was given the field task of helping educate and recruit responsible breast cancer survivors and significant others that could embrace the concept of sisterhood and survivorship. Mrs. Nellie Adams, a newly recruited member and survivor, cheerfully provided the necessary funds to charter a new chapter. With one of our local doctors, Norris V. Crump, nurses, and survivors on board to serve as Board of Directors, Mrs. Ware's vision became a reality on February 25, 2003. Starting with 12 members, Sisters Network Tupelo Affiliate Chapter became the first African-American Breast Cancer Survivor organization in Mississippi. Since its inception, our chapter has diligently strived to uphold Sisters' mission to increase local and national attention to the devastating impact that breast cancer has in the African-American community. In dedication to this mission, our chapter hosts an Annual Pink Ribbon Luncheon, Gift for Life Block Walk, Pink Sunday, Pink Teas (Pink Ribbon Awareness), Health Fairs, and mammogram screening to women age 40 or older and medically uninsured. These awareness events and activities are carried out with ongoing grant funding from Susan G. Komen, Project Hope and sponsorship from Hole "N" One Golf Association. We are honored to have received such stoic support, which has enabled us to assist 140 women for a mammogram screening in the past year. Our goal in 2010 for mammogram screening is to serve 200 women. In addition, we will continue to take pleasure in assisting women with transportation to and from treatment, doctor's office visits, etc. Sisters Network Tupelo Affiliate Chapter now have 45 members, including associate members, and volunteers. After serving as our chapter President for 5 years, Mrs. Ware handed the torch in 2008 to our Vice-President, Ms. Norma Derring. Ms. Derring, like Mrs. Ware, knows what sits at the "seat of the soul" of every survivor and every sister diagnosed with breast cancer, HOPE. Since Ms. Derring's brief tenure as President, Sisters Network Tupelo Affiliate has been bestowed the Organization of Distinction 2009 Award and Certification of Appreciation Award. Individually, Ms. Derring has been bestowed with a scholarship in her honor for 2009 as one of NEWMS Women of Distinction, and received the Who's Who Cambridge Award as a testament of her leadership abilities. Her vision is destined to take us to higher heights. We are ecstatic about new events planned for this year such as "Idols for Breast Cancer Survivors", Hula Hoop Exercise Program, and seminars for Men Breast Cancer Awareness Project. Sisters Network Tupelo Affiliate Chapter is so grateful to God for all his goodness and mercy he has shown toward the organization in empowering us to help Stop The Silence.
