

# STOP THE SILENCE

Stop the silence, hear our cry  
No more need to pass us by.  
We're mothers, and sisters and brothers too.  
We're just trying to get the word out to you.

Stop the silence, we know the challenge is great.  
We won't be silent, you know lives are at stake.  
We're spreading the word as we go door to door.  
We're marching for justice, and we won't be ignored.

Stop the silence, we won't give up.  
Our body may be weak, but our soul is tough.  
If you look at our faces, we are the same.  
We're standing united, no longer ashamed.

Stop the silence, our gloves are on.  
We're fighting breast cancer, our commitment is strong!  
Pledge hours of service, your money, or time.  
Let's fight this together, that's the bottom line.

So, stop the silence the hour is now!  
We're building partnerships, and we'll tell you how.  
All we need is commitment, so what do you say?  
We're stating our case and we're marching today.
